BASIC GAME STRUCTURE

Objective

Be the first player to discard all cards while maximizing winnings through strategic betting.

Game Flow

1. **Ante Phase:** All players place required ante bet
2. **Deal Phase:** 7 cards dealt to each player
3. **Betting Round 1:** Initial betting based on hand strength
4. **UNO Play Phase:** Standard UNO gameplay with integrated betting
5. **Final Betting:** Last chance bets before winner determination
6. **Payout Phase:** Distribute winnings based on results

DETAILED RULES

ANTE REQUIREMENTS

- **Minimum Ante:** $5-25 (varies by table limit)
- **Purpose:** Creates initial pot for each hand
- **All Players:** Must ante to receive cards
- **Pot Distribution:** Winner takes 70%, runner-up 20%, house 10%

CARD DEALING

- **Starting Hand:** 7 cards per player (face down)

- **Discard Pile:** 1 card face up to start play
- **Draw Pile:** Remaining cards face down
- **Dealer Button:** Rotates clockwise each hand

BETTING ROUND 1: HAND ASSESSMENT

After cards are dealt, before UNO play begins

Betting Options: - **Fold:** Forfeit ante, exit hand - **Call:** Match current bet to continue - **Raise:** Increase bet (2x ante maximum)

Hand Strength Indicators: - **Strong Hand:** 3+ action cards, multiple colors - **Medium Hand:** 2 action cards, good color distribution
- **Weak Hand:** Few playable cards, single color dominance

UNO PLAY PHASE

Standard UNO rules with integrated betting opportunities

Turn Sequence:

1. **Play a Card:** Match color, number, or symbol
2. **Betting Decision:** Option to place additional bets
3. **Draw if Unable:** Take cards from draw pile
4. **Say "UNO":** When down to one card

Action Cards:

- **Skip:** Next player loses turn
- **Reverse:** Change direction of play
- **Draw 2:** Next player draws 2 cards
- **Wild:** Choose new color
- **Wild Draw 4:** Choose color, next player draws 4

Integrated Betting Opportunities:

When Playing Action Cards: - **Action Bet:** Bet that your action card will eliminate a player - **Color Control Bet:** Bet on maintaining color control with Wild cards - **Chain Reaction Bet:** Bet on consecutive action cards

Position-Based Betting: - **Leader Bet:** Bet when you have fewest cards - **Comeback Bet:** Bet when behind but confident - **Elimination Bet:** Bet on which player eliminated next

BETTING ROUND 2: MID-GAME

Triggered when any player reaches 3 cards or fewer

Betting Options: - **Victory Bet:** Bet you'll win this hand (3x ante maximum) - **Block Bet:** Bet against specific player winning (2x ante) - **Wild Card Bet:** Bet on Wild cards determining winner (5x ante)

FINAL BETTING ROUND

When any player says "UNO" (down to 1 card)

Betting Options: - **Champion Bet:** Bet the UNO player will win (2x ante) - **Upset Bet:** Bet someone else will win (4x ante) - **Draw Out Bet:** Bet UNO player will be forced to draw (3x ante)

WINNING CONDITIONS

1. **First to Empty Hand:** Primary winner
2. **Lowest Card Count:** If draw pile exhausted
